

# PurgeNet™ SMART CABLE

## Take Control of Welding Power Sources

- Helps by controlling welding power sources such as orbital welders and other automatic welding systems to switch on and off according to oxygen levels.
- Can also connect to smart accessories for weld purging, such as PurgeNet™ Visual Alarm Indicator, which gives a visual warning during welding in case of rising or falling oxygen levels.
- PurgEye® 200, 500 Desk, 600 Touch, 1000 Remote and 1500 Site, 1 ppm, Weld Purge Monitors® all include PurgeNet™ Smart Cable.
