

# Argweld<sup>®</sup> Trailing Shields<sup>®</sup>

for Titanium and Stainless Steel Welding

## Advantages of Use

© HFT<sup>®</sup>

- Easier to use for manual welders, as well as automatics.
- Eliminates the need for a purge enclosure.
- Lightweight.
- Brighter, shinny, oxide free welds.
- Gasket is resistant to temperatures up to 230°C.
- Low cost replaceable silicone side shields.
- All shields fit all sizes of TIG/GTAW and MIG/GMAW torches.
- Allows faster welding.
- Flat Trailing Shields<sup>®</sup> also available for sheet and plate.
