

# Argweld® Purge Accessories Mixed

**Argweld®  
Weld Backing Tape®**

- 80, 160, 240 and 600 Amp versions.
- Speeds up production.
- Provides back purge facility.
- Ideal for stainless steel and alloyed metals.
- Saves cleaning costs.
- Eliminates weld defects.
- Suitable for sheet, plate, pipes, vessels.
- For horizontal or vertical welding.
- No gouging or grinding.
- No re-welding or re-work.
- Low cost.
- Tremendous money saving.

**Argweld®  
Flexible Welding  
Enclosure®**

- Operator comfort and ease of use.
- Very low cost.
- Fast, easy purge.
- Bright, shiny, oxide free welds.
- Easier to use.
- Frees up valuable floor space.
- Fast delivery.
- Big time savings.
- Two, three or four operators at the same time.
- Large, gas tight entry zip allows large components in and out.

**Argweld®  
Water Soluble Weld  
Purge Film®**

- Dissolves away completely without leaving any residues.
- Strong in all directions.
- Film and adhesive are completely biodegradable.
- Gives superior results over all other water soluble products.
- For use with stainless, duplex and chrome-moly steels as well as titanium.
- Purge levels down to 20 ppm achievable.
- Low cost dams for one off jobs.

**Argweld®  
Weld Purge Plugs™**

- Made from engineering quality nylon up to 150 mm (6 Ø) .
- Virtually shatter-proof.
- Easily cleaned.
- Will not rust or corrode.
- Sizes incorporate strengthening ribs to provide rigidity in use.
- Use for small or odd diameters.
- To be used for weld purging oval and out of round tubes as well as in elbows, tees and other fittings.
- Ideal for creating an air-tight seal for leak testing operations.
- Solid shaft range from ½" to 1.5" for higher pressure testing.
- Hollow shaft range from ½" to 6" for weld purging.

**Argweld®  
Weld Trailing Shields®**

- All shields fit all sizes of TIG/ GTAW, PAW/Plasma and MIG/ GMAW torches.
- Easier to use for manual welders, as well as automatics.
- Eliminates the need for an expensive purge enclosure.
- Lightweight.
- Brighter, shiny, oxide free welds.
- Low cost replaceable silicone side strips.
- Allows faster welding.
- Flat trailing shields also available for sheet and plate.
- Radiused shields for all sizes of tubes, pipes and tanks Version for outside radii and version for inside radii.
